

Faculty Advisory Committee Meeting Leuzinger High School

April 28, 2011

Meeting from 12:19-1:00pm – Mr. Ono's office

In attendance: CVSTA - Chris Morales, Cathy Klein

Administrators – Mike Ono, Ryan Smith

1) **FAC:** *Why is the gym key issue for the teachers in the G-building still not resolved? What is so hard about giving the people a key so they can to the bathroom?*

Smith said: The situation has been resolved. They have access to the gym. They may see Liz to get the key if they still don't have the key.

2) **FAC:** *The last fire drill is a concern. In the bungalows (T-Buildings) there wasn't any alarm and when we arrived at the track there were only letters for the A-building(which doesn't exist) and not the T-building in our section. They gave the all clear when 23 T-classrooms were unaccounted. This is inexcusable.*

Smith said: It is an issue and the administration will bring this to the attention of the district, and the problem has yet to be resolved.
He will address the issue of the unmarked spots in the fire drill with Ms. Brown.

3) **FAC:** *No paper towels, soap, etc. in the student restrooms.*

Smith said: He will discuss the issue with Mike Westrup. We have an agreement with Dyson to work on getting hand dryers.

4) **FAC:** *Why does maintenance have to cut the lawn in buildings 7 and 8 during class? It is extremely disruptive and my students can't focus.*

Ono said: they can't use the mowers before 7am and since they don't work after 3. It is a union issue to move hours.

FAC team brought up that it has been better in the last few weeks.

Smith said: We will resolve the issue.

5) **FAC:** *I am not given keys for the gates. In the case of a fire hazard security may not be able to get to teachers in time if it is a true emergency. There was a case when a student fainted and the fire department did not have a gate key.*

Smith said: the issue has been addressed. We have the security to come if needed.

Smith says that their hearts go out to the teachers that received RIF notices. Many of them are very good teachers and we are doing everything we can to get those rescinded. The issue that Lawndale is allowed to enroll any incoming student that wants to enroll there has been a blow to Leuzinger. The best defense to rescind notices is to make sure we have the students enrolled at Leuzinger.

7) **FAC:** *How are assignments being distributed?*

Smith said: Master schedule and assignments will be done at the site, mostly by Dr. Smith.
