

Bargaining Survey

It's time for your RBTA Bargaining Team to begin the 2013-2014 negotiations process and we would like your input. Your current contract includes 19 articles which define/describe your professional rights and working conditions. For 2013-2014 we may "re-open" on salary and benefits, plus three other articles. Please look at the contract and think about issues you would like addressed in the next round of negotiations.

This survey is being conducted through email as a "SurveyMonkey." If you use this form instead, you must provide your name (see instructions below).

Please return the survey to the RBTA office by Friday, February 15.

Directions:

1. Choose your top 5 priorities and label them 1 to 5, with your most important being 1 and least important being 5.
2. Use the space to the right and the back of this sheet for specific ideas or other suggestions. For instance, is there an area of the contract that you feel needs "fine tuning" and, if so, how would you change the language?
