Tutoring

The Board of Education expects teachers and other members of the instructional staff to make every effort to resolve students' learning problems at school before recommending that parent(s)/guardian(s) engage a tutor or other professional help. By maintaining a competent, dedicated staff and adequate instructional resources, the Board seeks to minimize the need for individual tutoring.

To preclude conflicts of interest, teachers may not accept any kind of remuneration for tutoring a student enrolled in any of their classes. Teachers who tutor other students must perform this service outside of school facilities and make their own arrangements with parent(s)/guardian(s) for the fees to be charged. The Board encourages teachers to tutor only in subjects or grade levels for which they are certificated.

No certificated employee shall render tutoring services for remuneration to any student enrolled in any school in the district without the approval of the Superintendent or designee.
